Experience

Zero to AI, *Founder*, Saratoga, CA

March 2023 - Present

- Developed and executed a **6-week in-person summer course** to enable high-schoolers with no coding experience to build their own custom AI-enabled web app ([also available online for free](#))
 - Gained **60+ signups**, featured industry guest speakers, & a perfect **Net Promoter Score of 100**.
 - Developed & lectured a **10+ hour curriculum** featuring custom examples, exercises, and assignments
 - Hired & led **staff of 4**, secured a library computer lab, & advertised in local press

Torus Platforms, LLC, *CTO & Lead Developer*, remote

August 2023 - Present

- Responsible for, mobile app product, rec. algorithms, backend servers, pipelines, databases, and [website](#)
- Hired and managed a **technical team of 6**
- Currently testing a prototype before distributing beta to selected college communities by the close of Q4 2023

AppJack, *Founder*, Saratoga, CA

February 2022 - Present

- Built, published, & promoted **10+ different software apps** covering topics such as biking trail discovery (4 million users), restaurant promotion, skin conditions, neural network hyperparameters, underutilized consumer assets, etc.
- Frontend Development Contractor at Trailforks
 - Led research and software development for search function overhaul of a **4+ million-user** web platform
 - Assessed current products, surveyed a variety of users, reviewed iterations with team's product manager
 - Built out a prototype, seeking approval for A/B testing phase
- Creator at SpeakEasy
 - Created & published controversial content detection and rephrasing engine for web browsers & Discord
 - Across the [browser extension](#) & [Discord bot](#), SpeakEasy has helped **6,000+ users** with **500k+ sentences**
 - Built and promoted an [animated product website](#)
- Web Development Contractor at Hard Knox Cafe
 - Working closely with the owner to maintain and redesign the [website](#) to increase orders and optimize SEO

Aletheia, *Co-founder*, remote

August 2023 - Present

- Developed/published digital media [fact-checking browser extension](#) (frontend, servers, custom LSTM network)
- Led promotional and developmental partnership with the fact-checking organization [Snopes](#), including custom API
- Featured in [The Mercury News](#), etc.

Academic/Percussion Instructor, Saratoga, CA

August 2022 - January 2023

- Provided personalized academic tutoring, percussion instruction, and computer science mentoring.
- Delivered tailored STEM exercises & percussion assignments, assisted students in preparing for pro-band auditions
- Guided an individual with no prior coding experience to winning his inaugural hackathon with a browser extension

Activities

Blue Devils B, *Snare Drummer*, Concord, CA

February 2022 - August 2022

- [Highly competitive drum corps](#) that competes in [DCI's](#) (Drum Corps International) Open Class
- Selected from a nationwide audition as the **youngest member** of percussion at 15 y/o, the average age of the section was ~18-19, required an extremely high level of rhythm, approach, and marching

- Rehearsed **daily for 12+ hours** for entire summer and **toured across the United States** (Southern CA - Indiana)
- Worked with world-class staff towards an eventual **3rd place at DCI's Open Class Championships**
- Achieved a semi-finalist finish at DCI's World Championships with a **live attendance of 60,000+**

Saratoga High School, AI Advisor, Saratoga, CA May 2023 - Present

- Presented to both my high school's and districts's administrative teams, department chairs, and other staff on generative AI, AI-writing detection, implications for each school department, and potential solutions
- Helped plan World Cafe AI event and gave a **20-minute talk** to **~150 people** to kick it off

California (CBDA) All-State Concert Band, Percussionist, Fresno, CA February 2023

- Selected alongside 32 percussionists from **thousands** of high schoolers
- Required high-level understanding of battery, keyboard, and auxiliary percussion instruments
- Worked with world-class instructors to perform **collegiate-level** pieces for 2,000+

Saratoga High School Music, Saratoga, CA June 2020 - Present

- **Marching Band, Percussion Captain** (formerly Section Leader)
 - **Individually tutored** younger members and held separate rehearsals outside of scheduled practice
 - Worked with staff to maintain a high group trajectory and **ran battery rehearsal** in their absence
 - Handled logistics and made on-the-fly decisions at competitions to ensure smooth operations
- **Winter Percussion, Section Leader**
 - Managed logistical items and led practices outside of group rehearsals to ensure competitive success
- **Wind Ensemble, Percussionist**
 - Performed multiple **collegiate-level solos** on instruments such as the marimba, snare drum, and conga drums
 - Contributed a **solo performance** to a piece that led to the group's invitation to perform at **CBDA All-State clinic** and the highest rating of "Superior" at the annual CMEA festival
- **Symphony Orchestra, Percussionist**
 - Played a variety of instruments in collegiate-level pieces to achieve the highest rating of "Superior" at CMEA

Honors & Awards
